

**Brewing the
perfect cup of tea**

www.rosythtea.lk

A faint, light green illustration of tea leaves and stems is centered in the background of the page. The leaves are detailed with veins and are arranged in a vertical, slightly curved pattern.

Always use mineral or good quality filtered water to allow the delicate character of each tea to shine.

Measure by weight for the most consistent results; teaspoon measures are approximate.

For a richer, stronger cup, add more leaves rather than steeping longer — this keeps flavours balanced and avoids bitterness.

Always strain your tea after the optimum brewing time to avoid over steeping.

Bliss, Blush and Bloom can be reused up to three steeps, relish the development of the flavour.

A single, detailed illustration of a tea leaf is positioned in the bottom right corner of the page. It shows the leaf's shape and vein structure clearly.

CEYLON BLISS

2-3g tea
per cup

Pure Hot Water
80c°

Steep for
2-3 mins

Ready to
Drink

Hand crafted single estate artisan tea from the 1926 Rosyth Estate. Our range of premium teas, low grown at an elevation of 1,000 feet, are handpicked & crafted by our artisans to create subtle tastes & fragrant aromas of the highest quality.

Ceylon Bliss, our signature Orange Pekoe tea (OP1) made from the first leaf & bud, represents the pinnacle of quality of hand rolled teas. With a delicate aroma, hints of citrus and a copper gold appearance, this delightful refreshing tea is a perfect accompaniment to afternoon tea
